Terms:

1. This consignment agreement is for six 2-day weekend sale periods since ATV is open only every other weekend. Consignor is entitled to pick up by appointment any unsold items any time before the expiration.
2. All items not sold or picked up after expiration become property of consignee and/or are subject to donation unless both parties agree in advance to renew the consignment agreement. Consignor may instruct ATV in advance as to how to dispose of unsold items by the end of the consignment period (see below).
3. Consignor will receive 50% of the sales price of the consigned property. Consignee will provide minor repairs to prepare item for sale free of charge, i.e. replace buttons, sew a seam or hem, wash and iron. If item needs dry cleaning, such cost will be deducted from consignor's proceeds.
4. Consignee reserves the right to price the property to sell and to negotiate the ticketed price with a potential purchaser, or to advertise periodic "sales" to move merchandise. Interim mark-downs may be taken as deemed appropriate.
5. Consignee will prepare an initial consignment list and provide periodic updates as to sold items and issue payment to consignor on a periodic, typically monthly, basis.
6. Consignee will not be responsible for any damage or loss due to fire, theft, or any other cause.

7. This agreement shall remain in effect for any of consignor's future consignments until such time as a new or updated contract is signed.
